

## Averill Mountain

Parking and Trailhead are located on Route 114. Go past the Lakeview Store (on right) and up on the left is a road labeled Lakeview Rd. You can park just on the side. The trail head is labeled with a white marker across the street (on the right) and reads Averill Mountain. It is about .75 miles to the summit. Situated just south of the Canadian border in the town of Averill, Averill Mountain (elevation 2240 feet) is a short, but steep climb. A short, but steep trail provides a pleasant hike to the summit where it flattens out on a large rock and gives gorgeous views of Big Averill Lake.
