

Clyde River

From Jackson's Lodge: There are many different points of entry on the Clyde River. The most popular is Clyde River Recreations in West Charleston. Head down Rte. 114 towards Norton. Continue on one Rte. 114 and continue on the slight right to stay on Rte. 105 W. Clyde River Recreations will be on the right.

If you want to start a bit further back (probably about 3.5 miles before Clyde River Recreation), you can put your boat in at School Rd. on the left.

And for the more adventurous type, who doesn't mind the rougher waters, you can put in at either Island Pond, or in Morgan, Vermont at 10 Mile Rd (Stay on Rte. 114 and take a right onto Rte. 111-it will be up on the left).
