

Garfield Falls

From Jackson's Lodge: Go east on Rte. 114 until you get to Rte. 3. Take a left onto Rte. 3 and head up towards Pittsburg, NH. Go through the town of Pittsburg, and you will pass both Lake Francis and 1st Connecticut Lake (both on the right). Magalloway Rd. will come up on your right side, take this right.

Just after the 1 mile sign, cross a bridge over the Connecticut River and stay right/straight here (do NOT take the road that goes to the left).

Go through an open gate (gate # 175), and shortly after that you will see a gray shingle camp on your left with the number 267 on it.

There is a road to the right (gated) approximately 2.4 miles in; stay left/on main traveled road.

There is another road to the right at mile marker 3, stay left there, continuing on Magalloway Rd.

Approximately 11 miles in from Rte. 3 Magalloway Rd. bears left, and there is a road that goes right...there is a sign that says "Garfield Falls" right there at the intersection. You will go past a nice camp on your right (# 30), shortly after you turn onto Garfield Falls Rd. (If you get to a bridge with gate # 184 on it, you've gone just a little bit past Garfield Falls Rd. on Magalloway Rd.)

The parking area is about 1.4 miles in, and the trail itself is about 3/10 of a mile long.
