

VT Route 114

From Jackson's Lodge: When leaving Jackson's Lodge, take a right onto Rte. 114. Go past April's Maple (on the left), and you will crest over Cole Hill (just on the left is a turn around spot you can use). At the bottom of the hill on the left hand side is a swampy area where people have spotted many moose. Make sure to look closely, as it's a very woodsy area, and sometimes the moose are a bit hard to see.

Drive further up (about another mile) and there is a stretch of road where moose are very common. It opens up wide on the right hand side, and there are a lot of muddy areas (you'll see moose tracks and you'll know you're in the right spot). Many moose have been seen on the right side, right in the mud. You can continue down Rte. 114 and either turn around at the Lake View store, or the gravel spot near the logging area on the right side. When driving back up Rte. 114, make sure to look on the right across from the open space into the trees, as sometimes they come down from the mountain and they can be spotted there.

If you want to, you can park your car on either side of the road (there are clear open spots where other cars have parked).
